300*600 mm
600*1200 mm
600*600 mm

A Thing Of Beauty Is A Joy Forever

One of the leading manufacturers of Glazed vitrified tiles (Porcelain Tiles) We are known for its different and wide range of surface collections which consist of latest technical properties as well as innovative and unique designs.

Our innovative spirit has helped us to create a diverse market appropriate product range that is an extremely useful tool for architects, interior designers and builders alike, We believe in technological innovations and making tile manufacturing progressively safer and more eco-friendly by offering eco-sustainable ceramic products to the customers.

Surfaces For Ultimate Design Projects

The Carving collection restores the original beauty of a noble stone, with a new appearance given thanks to a careful design that offers a faithful reproduction of the surface, the nuances and the material aspect.

A versatile range of formats and finishes, together with excellent technical performance, are the signature features of a supremely beautiful, functional ceramic product. restores visual continuity between indoor and outdoor spaces, and is just waiting to be discovered in six discreet, natural nuances.

Technical Fetures

Making the tiles in various range and durable & natural surface you have ever seen. nothing can be compered with beauty of carving tiles

- 9MM Thickness
- High Strength
- Water Resistance
- Eco Friendly
- Quality Excellence
- Perfect Modularity
- Easy to Maintain
- Large & Versatile

Surfaces that emphasize the balance of comfort and elegance.

An accurate selection of fine marbles that eplicates to meet the aesthetic and practical needs of every interior design project: the Tiles of classical tradition have always been the protagonists of architecture in warm and cool tones, Italian marbles recognized all over the world for their purity, original colors reinterpreted and proposed in a new perspective.

Carving-effect Stoneware designed to be used on any surface: floors, walls, and architectural volumes. The 60x120cm formats with a-09 mm thickness are perfect for seamlessly cladding walls, reducing the interruptions and horizontal joints, ensuring an aesthetic continuity between the floor and the wall.

Decoration That Enrich The Collection

An accurate selection of Tiles that Imlis replicates to meet the aesthetic and practical needs of every interior design project the Tiles of classical tradition have always been the protagonists of architecture in warm and cool tones, We recognized all over the world for their purity, original colors reinterpreted and proposed in a new perspective.

The true distinctive strength of the “Soul” design lies in the fact that we have enhanced rather than discarded, selecting the-most natural part of the oak with all its wonderful imperfections and letting it fully express itself through the three variants “natural”, “rustic” and “reclaimed” which most pertain to this wonderful timber, as old as humankind and as deep as the emotions it always generates in those exposed to it.
