IT’S ALL BELONGS TO NATURE

OUTDOOR + 20MM

Experience the essence of nature in every tile we create, meticulously crafted to bring natural charm into your home. Inspired by the beauty of the outdoors, our designs capture the serene hues and textures of nature's landscapes. Nature enriches our lives, offering tranquility, inspiration, and a profound connection to the earth. Embrace the harmony of natural elements in your living spaces and let our tiles evoke the soothing ambiance of the great outdoors.

Transform your spaces with our exquisite outdoor collection. Meticulously crafted for timeless elegance, our Tiles blend innovative design.

AN EXTRA-ORDINARY THINGS

A GREEN COMPANY

LEED COMPLIANT

ATTENTION TO DETAIL

WIDE RANGE

we're not just a ceramic tiles company; we're champions of sustainability. Proudly recognized as a Green company, we've earned international certification for meeting LEED standards. Our commitment to eco-friendly production processes ensures that every tile we create is not only exquisite but also sustainable.

From conception to completion, we prioritize environmental responsibility, crafting tiles that adorn spaces with elegance while preserving our planet for future generations.

HIGH THICKNESS ENSURES DURABILITY

OUTDOOR + 20MM

Introducing groundbreaking 20 mm thick tiles, meticulously engineered for unmatched durability and lasting endurance in outdoor environments. These tiles redefine strength, crafted to withstand the harshest conditions while retaining their impeccable appearance over time. Perfectly suited for outdoor spaces, from bustling patios to serene garden pathways, they offer superior resilience without compromising on style.

Dedication to quality shines through in every tile, designed to elevate outdoor settings with its robust build and timeless allure. Discover how our 20 mm tiles set a new standard in strength and longevity, transforming your outdoor space into a sanctuary of enduring beauty and reliability.

Enhance your outdoors with these stunning thick slabs, showcasing fabulous designs and sublime shades. This masterpiece blends artistry with durability, offering a weather-resistant, elegant surface. Elevate your exterior decor, transforming every outdoor moment into a luxurious experience with unmatched style and grace.

VARIATION

OUTDOOR + 20MM

INSTALLATION ON GRASS

Create ideal walkways, barbecue areas, and gazebos with our durable slabs. Protect your lawn from damage and heavy foot traffic while crafting beautiful Japanese stepping stone patterns. Perfect for public and residential spaces, our slabs combine practicality with aesthetic appeal for any outdoor area.

INSTALLATION ON GRAVEL OR SAND

Laying on gravel ensures excellent soil drainage, allowing water to flow through the gaps between the slabs and into the ground. This method is ideal for projects where permanent flooring isn't feasible, offering both flexibility and functionality for various temporary applications.

ADHESIVE INSTALLATION

Ideal for outdoor driveways, car parks, and garage ramps, this laying solution with adhesive boasts exceptional resistance to dynamic and concentrated loads. It necessitates expansion joints and filling gaps between tiles with cement-based grout for optimal performance.

INSTALLATION ON RAISED PEDESTAL SYSTEM

The raised pedestal system installation utilizes a traditional floating or raised floor approach. This system allows for easy inspection of pipes and wiring beneath the tiled surface at any time. Simply lift and remove the slabs for instant accessibility.

LAYING AREAS

Revamp gardens, industrial sites, swimming pools, public spaces, and parking areas with our's resilient tiles. Our products combine strength and style, ensuring durability in every application. Whether enhancing serene gardens or high-traffic public zones, our tiles deliver lasting quality and aesthetic appeal. Transform outdoor environments with confidence, knowing provides the perfect blend of durability and design for any setting.

- Terrace Garden
- Beaches & Swimming Pool
- Yards & Paths
- Vehicle Access Areas
- Gardens, Urban Furnishings
- Industrial Areas

ADVANTAGES

our tiles are crafted for durability with high mechanical strength, sunlight resistance, and thermal shock resilience. They feature anti-slip surfaces and are fire-resistant, ensuring safety and longevity. Ideal for residential and commercial settings, these tiles combine functionality with lasting aesthetic appeal.

- Resistant to Breaking Loads
- Resistant to Thermal shocks
- Resistant to wear & abrasion
- Easy to install, remove and reuse
- Anti-slip
- High mechanical strength
- Resistant to sunlight
- Resistant to salt & corrosion
- Durable against vehicle traffic on adhesive screeds.
- Fire Resistant
