COLLECTION

SNK Surfaces has established itself as a reliable global exporter of premium natural stones and surface solutions from India. Founded with a vision to bring India's rich material heritage to international markets, our growth is driven by consistency, craftsmanship, and quality.

We serve as a trusted B2B partner to importers, architects, designers, developers, and landscapers worldwide—offering tailored solutions that align with project and market needs. Beyond material supply, we focus on dependable service, strict quality control, and long-term value.

As a manufacturer and exporter, SNK Surfaces manages sourcing, processing, and global logistics in-house, ensuring steady supply, flexible order quantities, and reliable lead times across markets.

With a future-focused approach, we remain committed to excellence, trust, and sustainability—proudly carrying the legacy of natural stones worldwide.

Sending natural stones from India
to destinations around the globe.

STONES WITH DIFFERENT FACES

Our natural stones come in various finishes, each offering a unique look and feel, with varied edging patterns. Handcut edges feature a more rustic and irregular appearance, while machine-cut edges are precise and uniform, providing a sleek and modern finish.

HOW WE PROCESS OUR NATURAL STONES?

· Quarrying and Extraction
· Processing
· Artisanal Craftsmanship
· Quality Control
· Final Product
· Pallet (Wooden Crate) Packaging
· Exporting

WOODEN CRATE SPECIFICATIONS & QUALITIES

Box/Crate Dimensions	27*37*20	31*37*20	32*37*20	30*37*20	28*37*24
Product Size	13.13.13.09	600×900 -33 PCS.	16.16.16.12	17.17.18.19	600×900 -30 PCS.

Wooden crates provide a secure, durable, and eco-friendly solution for shipping. Their sturdy build protects goods, while their design allows easy handling with forklifts and pallet jacks. Reusable and reliable, they remain a preferred choice for transport and packaging.

· Gross weight : 800KG
· Net weight: 750KG
· Packaged goods: rigid, 4 contact points (2 contact points per longitudinal skid)
· Handling: Crane, forklift
· Width between forklift forks: 1.5 and 2 m (depending on gross weight)
· Distance between lid-support members or vertical battens/vertical supports 0.6 m
· Lumber used: Spruce / fir or pine / larch
· Can be custom "jigged" to create partitions inside for specific product needs

EXPORTING HAPPINESS

At SNK Surfaces, we export more than surfaces-we deliver the essence of India through premium natural stones to every corner of the globe. With each shipment, we share the beauty, authenticity, and calm of nature, sourced directly from the heart of our homeland.

Our expertise lies in selecting and supplying the finest natural stones, ensuring every piece reflects nature's character, depth, and timeless appeal. Quality is at the core of everything we do, from sourcing to delivery, so each stone embodies the purity and craftsmanship India is known for.

It is our privilege to connect global spaces with the natural richness of India, building lasting relationships and bringing warmth and value to projects worldwide. Our mission is simple yet meaningful: to carry the treasures of India's natural surfaces into homes, spaces, and lives across the world.

Let's Connect

We welcome inquiries from distributors, architects, designers, developers, and project partners worldwide. Whether you are exploring product details, customization options, export requirements, or project collaboration, our team is ready to assist you with timely and reliable support.
